

STRANDED IN BOLIVIA

EPISODE 108 - "Off with Her Head!"

Chiquitano, Night 13

After Tribal Council Joel attempts to smooth things over with his ally, Kelly, who is absolutely furious. Seeds of doubt begin to blossom as Gretchen and Jerri continue to fight.

Joel - Hey Kelly, sorry about that. I tried to warn you before TC and sent you several PMs, but they got restricted when TC started. Gretchen basically ramrodded Amber down our throats as the boot instead of Kel. I tried to reason with her that we shouldn't make this move without your approval, since we are a team, but you never showed up, and by then Gretchen had even gotten some Aymara to vote off Amber

Kelly - that's it, Gretchen has way too much power in this game

Joel - I know! And I think she has Rudy too! She has already set up an Aymaran as a puppet. I think Kel. I was frantically trying to communicate with you. And then Jerri's public post really helped put things in perspective. Have you seen it!?

Kelly - The Jerri thing is staged, She's in cahoots with Gretchen. I'm pretty sure we can trust the two people who voted for me, one of them being Amber. I have to win Immunity on Monday. That way we can start going all pearl islands on this thing.

Joel - Yeah, you definitely need to be around more! Gretchen thought I was with Amber, just because I was trying to get Kel as the boot like you proposed (that, and I guess the showmance)

Kelly - Gretchen's original game plan was to form an all-girl's alliance. She's obviously playing really hard, now we have to step it up a notch. Alicia obviously voted for me, which means she's not in cahoots with Gretchen yet. I'm going to try and get Sue to at least leave absentee vote against Gretchen in the next council, we really have to get rid of her.

Joel - There was an all female alliance?! Since when? Wow, I never saw that coming. I sort of thought Gretchen was scheming, but that chick is hardcore

Kelly is not the only problem for Gretchen. Jerri begins her campaign to turn the game around as well.

Jerri - CONFESSIONAL - I'm surprised that I didn't get any votes, I always think I'm going. I'm slightly paranoid like that. As for Amber, I miss her -- she was a really awesome tribe-mate.

Jerri - LOL that was a fun TC. Yeah, we have Rudy and Rudy's gonna be working on Susan and Joel for us -- I'm helping him with Joel, and trying to show him how shady Gretchen is. So we'll see what happens! I, personally, will find it hilarious if Gretchen goes next... I can see it now, "THIS IS ALL RIGGED!" 😏

Jerri - Thanks for the welcome, I'm glad you don't hate me, heh. Yeah, you're getting played by Gretchen. I'm trying to expose her right now without breaking the trust of people who've been talking to me about her -- I'm getting ready to ask said people for permission to state why exactly she is shady and get it all in the open. Anyway, just don't believe any promises she makes to you.

Joel - Yeah, I definitely don't hate you. I have no reason to dislike anyone from your tribe. It was just luck that we were all on opposite sides. I only voted against someone from your group, because I trusted the people from my tribe, and I wasn't going to betray any Quechuan. After yesterday though, now some of that trust is in question like with your post. I'm going to be loyal to those who are loyal to me, and that used to be my tribe. Now, I can't trust some of those people, but you guys have a blank slate with me 😊

Jerri - Thanks for being honest with me -- and it is nice of you to give us a clean slate. I understand about voting out Amber... it sucks she had to go, but it was expected. I couldn't vote out anyone who has been on my tribe (I really like them, they're both nice, funny, and super positive), so I had to vote for Kelly. If Gretchen doesn't win immunity come Monday night, and you're still considering voting her off -- let me know. I'd be more than willing to throw a vote that way.

Jerri - I'll try and help you with Joel, he said that I opened his eyes regarding Gretchen... so we'll see what happens with that. I am pretty sure that we can get the numbers -- Kel and Alicia are working on it, too. Plus, I found out by talking to other people that Gretchen is making false promises. She's pretty much taking herself out of the game... worse comes to worse, I'll ask permission of certain people if I can take Gretchen's false promises public so as to expose her shadiness.

Rudy -ok that ALL sounds really cool to me. Makes me think that I'm next on her chopping block since she hasn't promised me absolutely nothing.

Jerri - I wouldn't be too worried about leaving next, I think either Gretchen or myself (or maybe Susan since she hasn't logged in?) has that "honor" covered. After that, who knows, though. Sucks that you couldn't get logged back in to play, dude. It'd be funny if Gretchen got immunity on Monday after all this. Heh.

Rudy - No, even though some people are bringing your name up, I'll make sure you don't leave soon. I'm pushing for either a Gretchan boot next or an Alicia boot (I think it'll be Gretchan if everthing works out ok). But I'm definitely not writing your name down before Alicia and Kel. And some people on Quecha's are mad that Alicia was trying so hard to flip people. It's really funny that she was one of the people who also voted Amber off. Or am I correct in assuming she voted that way? Can you believe that some people on my tribe think you and Gretchan are working together?! How paranoid can ya be?! rofl

Jerri - CONFESSIONAL - I have been talking to Rudy -- am about 95% sure I have him, as well. We bonded over the whole never being logged in thang and our cyber-hatred of Gretchen. I just got a PM from Joel about how I opened his eyes regarding Gretchen and the way she's playing everyone. Oh, and I got a PM from Kel about an alliance that might be formed between Kelly, Joel, Rudy, Kel, and Alicia.

Oblivious to the snowball effect that her anger is having on the tribe, Gretchen continues to talk to her former Quechuans.

Gretchen - I'm not sure if you were able to get here in time to read any messages before TC. Did you?

Kelly - no, the messages were blocked, the Amber thing caught me way off guard ^_^

Gretchen - I am SO sorry Kelly. PM's were flying fast and furious all day. Greg felt like Amber was the biggest threat and I agreed. At this point, we don't want to keep their active players, we want their inactive players. Amber was working Joel really hard, and he said it was bordering on chat sex or something like that. Rudy just panicked because he hadn't been able to talk to anyone. I don't know what the hell happened with Sue. FWIW, Joel was undecided because you hadn't been around and he wanted everyone to feel like they had a voice, meaning you. He wanted to be sure you agreed and didn't want you to be upset about it. We really tried to get the message to you before TC, but Mark locked us all out and then erased everything. I can't believe you got 2 votes!! Especially with all the crap that Jerri's been giving me. I've gotta' go walk the dog. Back later.

Kelly - alright, no harm done, i'm still alive ^_^...happy dog walking!

Gretchen - I'm really glad - next time, check in before TC starts so you can get all the messages. I HATE that purge thing!

Later that day, Kelly catches up with Gretchen again and decides to play stupid.

Kelly - In case I end up missing the strategy part again, who's our next target?

Gretchen - That hasn't come up yet, but for purely personal reasons, I wouldn't mind seeing Jerri go! What a bitch!

Kelly - i know right? Lol

Gretchen - I really don't know what the hell her problem is, but I went back and reviewed all her posts, and she digs at me in a LOT of them! Whatever. Do you know that Alicia has been asking the guys to flip? In a way, I have to respect that. At least she's playing the game. Do you have any feelings about who should go next?

Kelly - Jerri i guess, i dunno, i'm just following you ^_^

Kelly takes the game into her own hands.

Kelly - I'm saying this now because there is one person in our tribe who has way too much power. Message me back if you're on board with turning this game around.

Rudy - I don't know who this person is that you're talking about (Gretch?), but I'm down. But I don't know who to trust... Who's this person coming after me? And why didn't all 6 votes go to Amber like everyone agreed? Listen, I know because I'm at a HUGE disadvantage that there's a slim chance of me winning but I honestly don't want to go out in 6th place from our tribe. I'm willing to do anything that will get me

Kelly - Yeah Gretchen is playing us all really hard, we're all gonna get a clean slate as soon as she's gone. That fight with Jerri? it's all fake. The 2 votes I got were from Alicia and Amber. Jerri is on Gretchen's side, so is Kel.

Rudy - ooooooo that witch Gretchen. Well no matter what, we have GOT to keep Alicia next! Should we vote Gretchen off next or wait until we take Kel out first? Shoot! Amber was the wrong one to evict tonight! It should have been Kel! lol How do we know it was staged? And how do we know Kel is on her side too? Are you a spy that was working with her previously? If so you may want to wait and get more information out of her.

Kelly - I'll admit it, I used to be one of her drones, her master plan is to form an all-girl alliance with the early boots being Aymarans so taht you Quechua guys don't suspect. That's why i voted Kel, because I didn't know that Gretchen got paranoid about Amber and "ramrodded" her as the next boot without me knowing. The 2 votes I got? they were obviously from Amber and Alicia, which means she has two snakes wrapped around her finger. The fight with Jerri? way too exaggerated to be real. And if it were, Jerri would have voted for Gretchen...she didn't. Joel's also gotten suspicious and now we're gonna try to turn the game around. If we succeed in getting rid of her next, you, me, joel and alicia are guaranteed final four.

Rudy - hmm all very interesting. Well I'm not gonna sit here and let Grethcan run EVERYTHING. We're gonna have to be real sneaky in order to take her out next. Do you think Sue would be down with voting with us next round? Or should we wait? idk what to do. Are you sure Joel is down for it? Did Gretchen say she wanted me out soon?

Kelly - Yeah we gotta keep quiet about this until we can boot her, for all she knows we're all still agreeing with her plans. Yeah, Joel is very much down with this. She says she's glad that you're willing to vote with her, I'm really not sure what's up her sleeve right now and I'm not gonna sit around and wait to find out.

Rudy - Well I'm glad to know that someone else feels the same as me. I don't just wanna wait until someone else hatches a plan you know? I want to have an alliance that's proactive!

Kelly - and a proactive alliance we shall have. The task at hand is to take all the power away from Gretchen and in case she gets immunity, we eliminate her personal puppet, Jerri

Rudy - hmm I don't know. I don't think the fight was that staged. hmm But I could be wrong. Maybe they're both really really good actresses.

Kelly - think about it, I only got 2 votes, votes which were obviously absentee votes cast by Amber and Alicia (who were not at tribal council), I voted for Kel under the old plan while everyone else voted Amber (confirmed by Probst when he said in the thread that he got votes from everybody present) so why did Jerri vote Amber? especially since she has this very public feud with Gretchen?

Rudy - Maybe you're right then!

Kelly - so it's settled then? We all dethrone the queen?

Rudy - dethrone? Are you crazy?! I'm more of the beheading type.

Kelly - ready the guillotine then ^_^

Chiquitano, Day 14

Greg and Joel compare notes.

Joel - Kelly is raging after being outside the vote after last TC and the fact that Gretchen is running things. She is organizing an anti-Gretchen campaign. She spilled the beans, that Gretchen formed an all-female alliance! So basically Gretchen, Kelly, and Sue were working together back on Quechua! That explains why Sue invited you and I into that alliance. I thought that was kind of random, but I believed her! Now I see it's because Sue was already with Gretchen and Kelly and wanted to make sure she was allied with us too! We got played

man. First Gretchen and now even Sue and Kelly sheesh. And our 4-man active's alliance is falling apart after 1 TC. Aymara is going to win at this rate 😞. I'm freaking glad I partnered up with you now! I feel less guilty about our secret F2 alliance now behind their backs.

Greg - So, Gretchen has an alliance with everybody! She was talking to Rudy and Alicia before the vote (I haven't talked with Rudy once). I think the whole Jerri thing is a cover for their alliance. Jerri wasn't around when all the fighting happened but somehow she knows all about it and Gretchen's role in it. And she's got Kel on her side. Then she has all the women in an alliance for Quechua and thinks she is with us two. Here are my thoughts:

1. We gotta keep Gretchen happy, she's got a lot of people she can get to vote her way. We need to make sure she thinks we're with her. Otherwise, she'll turn her army against us.
2. Who can we pry away? Out of the Quechua members: Rudy would be good (do you talk with him? You could see where his head is at.) Second is either Sue or Kelly -- hard to tell, but I think we could get Sue on our side before Kelly. Maybe Kelly isn't working with Gretchen, she did vote for Kel after all.
3. I can see if Kel or Alicia is up for joining us. Maybe Alicia is already with the women's alliance. That leaves Jerri -- she's a loose cannon. I don't know what to do about her.

No matter what, we gotta make sure Gretchen thinks we are with her to vote out somebody from Aymara -- then when we get enough votes on our side we can take her out (if we have to) or break up her alliances.

Joel - Oh I read your second message and see that maybe Kelly can be one of our group. So I wonder where Rudy stands? I am assuming Sue and Gretchen are in an F2 alliance now. I hope they don't bring all Aymara in their group too.

Kelly approaches the double-crosser Kel.

Kelly - hey! who did you vote for tonight?

Kel - not you. who did you vote for?

Kelly - You, only because Gretchen told me to before she got paranoid about Amber, Gretchen wants an all-girl alliance but she got scared of Amber so she switched from you to Amber at the last minute....Wanna join me, Alicia, Rudy and Joel in a mutiny?

Kel - mutiny against who? what was the first alliance you had?

Kelly - we all had an alliance with Gretchen, before we found out she's playing everyone so now we're plotting to overthrow her, Alicia, Rudy and Joel are in, wanna join us?

Kel - i'm interested if Jerri is. mainly, i'd prefer an alliance that had equal Q and A, although i understand that might not be possible. was there a smaller alliance within Quecha? there was in Amyra - the four of us who lasted to the merge.

Kelly - There were plans of an all-female alliance which originally was going to include even the Aymara girls. I don't trust Jerri much since I'm kind of suspecting her and Gretchen to be staging this big fight to cover up for an alliance they have together

Kel - hmm. i'm tentatively in, but am going to PM Jerri and Joel and Rudy more individually first. is Susan just not around? i will feel out Jerri. i really don't suspect a hidden alliance btwn her and Gretchen, mainly because of what she's told me about her RL situation and the fact that she hasn't been online much to scheme since the merge (i know because she hadn't even opened any of my pm-s, and we WERE a pretty solid 4 at Amyra. . . .had to, after voting off 4 of our own already!)

Kelly - if that's the case, it's kind of odd that she either voted for me or Amber i mean after all that drama with Gretchen. And please by all means contact Alicia, Joel and Rudy about it. But we gotta keep quiet around the rest.

Kel - i'm just now getting caught up on reading last night's TC. btw, what was the initial reason for booting me out?

Kelly - the reason was so that we could keep both the all-girl alliance and the original Quechua alliance. I think the plan was once you were gone we were gonna turn on the guys. But right now, me personally, I just really want the person with all the power gone now.

Closest allies, Rudy and Joel, catch up since the last Tribal Council.

Joel - CONFESSIONAL - The game has now taken on a more sinister, strategic dimension finally. The politics are less about activity and more about alliances.

Joel - Well, first off, Kelly told me that Kel would be the 1st boot of Aymara. Amber was the only one around during the merge of the 2 tribes, so she must've PM'd Kelly right away and formed some sort of alliance. When I asked Kelly why Kel, she avoided the question twice! So then today, I asked Gretchen who the vote was, and she'd been told Kel by Kelly too. Then she said she'd been discussing with Greg that it should be Amber instead. So from there, Gretchen started pushing for Amber. I guess Gretchen started talking to Aymara and pushing that plan. Later in the day, when I signed on an hour before TC, I was talking to you and Greg and we all discussed booting Alicia instead. When I explained why I felt threatened by Alicia to Gretchen, she didn't care about my welfare at all. Obviously, it's not worth it for us to all fracture as a group over this 1st boot, so we all voted for Amber.

Rudy - WOW, Gretchen and Kelly sure are gamers. All I know is that we can trust Jerri 100%. We don't have to formally bring her into any alliances or anything, but I think we can depend on her vote at the next TC. Alicia idk. I think she could have something going on with Gretchen and her "female alliance". Kelly idk either. It's all strange, but I think the very next boot needs to be a combination of Alicia/Kel/Gretchen.

Joel - Since you trust Jerri, I gave her a PM as well. Maybe we can try to be F3 together. We can be an ultra secret alliance without even having to like state it formally. Greg just informed me that the all-female alliance extended to Aymara too! So Gretchen, Kelly, and Sue were planning on pulling Alicia, Amber, and Jerri into that female alliance. Now it explains why Kelly went after Kel so hardcore, and then avoided my questions of why! We should probably form some sort of unspoken core with you, me, Greg, Jerri and slowly start directing things, while Gretchen and Kelly fight for power.

Rudy - I really like that idea of pulling Jerri in. She's someone I think we can trust. We can use her to take Gretchen down whenever we want to. Kelly/You/Me/Jerri/Kel are sure votes for Gretchen. I'm assuming Greg is down for taking out Gretchen as well? no I haven't spoken to Greg at all really. I'll send him a PM. I do agree that we should still boot an Aymaran next TC. Most preferably Alicia. THEN we could have Kelly/Rudy/Joel/Greg/Jerri boot Gretchen next. I don't think we can trust Sue at this point since she was included in that alliance. I hate how Gretchen is juggling all of her alliances. The Quecha alliance. The Female alliance. The Actives alliance. She's a mess and needs to be disposed of. WE also need to make sure that no guys go in the next few rounds, just to be sure that no female alliance is stirred up again.

Joel - I agree 100% on all of this. Well, I'm sure there's going to be a lot of people PMing us, so we can find out if it's better to cut Gretchen or Alicia this next time. Greg asked me what our relationship is like. I told him that I started talking with you after Kelly asked me to talk to you to see if you'd be on board with a Gretchen mutiny. So if he ever asks you something similar, you can say the same thing. Has he or anyone asked you if we talk or are close?

Rudy - ok good to know concerning what you said to Greg. I think Kelly asked indirectly about our relationship and I said we didn't talk to much. She asked if Joel was down with taking Gretchen out and I said I don't know because we haven't spoken much yet. Then I told her that she should make sure that you're good with the plan.

Kel once again double-crosses.

Kel - CONFESSIONAL - gretchen looks like she's playing too many people. bet she's a good poster at Sucks though. i do think she saved my ass last TC, so i'm glad for all the effort. i'm pondering when/if/how i'm going to let her know there's a groundswelling against her. i think i owe it to her because she did save me last night, but i also would like to see her gone, so i'd like to do it before it's too late.

Gretchen - did you tell Joel you voted for Amber?

Kel - yup, told joel. didn't tell him you were behind it though - told him that i was doing it in order to gain his trust.

Gretchen - ok - because he mentioned it and I was like -- what??? no word yet on who the next one out will be - hell, with all the crap that Jerri is trying to stir up it might be me! I've let several of the old Quechas that I'd like to see Jerri go - strictly for personal reasons, but I don't know what they're thinking yet.

Kel - kay - i'm neutral btwn the two . . . who's the "we" for you, by the way? are there stray Quechua's that you're concerned about?

Tree-Mail 8

*Must you be lucky or skillful?
You be the judge;
But you have to be careful
People might hold a grudge.*

Greg and Gretchen select their next victim.

Greg - Can we get all Quechua to first agree we won't vote any of our group out? There are still three of them and they're an alliance to the end, so we need to keep our numbers up before they get too powerful. I know I don't want any Quechua player to leave and I will DEFINITELY vote for an Aymara player. Out of the three -- Jerri is useless, she never competed in a challenge that I can recall. Kel misses more challenges than he makes and he seems to be behind the scenes sort of guy, using Amber, Elisabeth or Alicia as his 'front person.'" And Alicia is a strong competitor and has a good attendance record.

Gretchen - In order, I'd love to see Jerri go first just because such a pain in my ass lately. But it would make sense to keep their weaker challenge competitors and get rid of the strong, so I can agree to Alicia first based on your reasoning. I absolutely will not vote out any of our own before we get rid of Aymara.

Greg - That's bad luck for Alicia. We could go with Jerri if she is at TC -- that would be exciting. Or Alicia given her game skills. Have you got a sense from anyone else what they want? I haven't heard from anybody except you yet.

Gretchen - Everyone I've heard from suggested Alicia. No one has replied yet about my suggestion to switch to Jerri. It doesn't matter to me either way and I've been up front about wanting Jerri out for personal reasons. Out on a limb here - on another note, when you mentioned we'd be perfect F2 partners - are you interested in pursuing that? Right now we have an F4 agreement with Joel and Kelly, but I think there's a way we can guarantee F2 if my idea works correctly.

While Gretchen attempts to rally everyone to vote off her arch-nemesis, Jerri, Rudy warns Jerri of her efforts.

Rudy - Well looks like Gretchen wants you out now instead. I won't let it happen though. I'll tell her that it's only fair that Alicia goes first. If she disagrees, we'll have the votes to take either Alicia or Gretchen out anyway. I hate it that she's so demanding. 😞

Jerri - LOL She just hates me. Good times. So Gretchen and Kelly aren't talking, then? If they were, then Kelly would figure out that Gretchen really hates me (being that she's trying to get me voted out) and stop being so paranoid.

Chiquitano, Day 15

Joel - I'm starting to change my mind again. I worry about Gretchen more than Aymara. She is just too well connected. If she catches wind of Kelly's plot, we risk getting Gretchen pissed at us AND Kelly (for not following through). I say we just go with Kelly's mutiny. Also, if everyone turns on Gretchen now, she won't be as bitter at any 1 of us Quechuans, since everyone would've unanimously booted her

Greg - I think we should vote off Alicia or Jerri. I have no preference, tho Alicia is a better competitor. Gretchen says she'll go for either. I think it is too early for a Gretchen mutiny. There is enough Anti-Gretchen sentiment that we can put that off til later, I think.

Joel - People know that you and I are in a tribe alliance together and that we talk, but they don't know that we are F2 partners. We definitely need to keep that a secret. If today is the chop challenge, feel free to chop me, and if you want, I'll do the same for you. However, 1 of us should probably win the reward if we can, so we can share that information with one another. We definitely need to chop the possible targets today: Alicia, Jerri, and Gretchen to make sure they don't get immunity

Immunity Challenge 8, Day 15

Jeff Probst - Rules :

All players will be assigned a number between 1-10 in their Confessionals.

The objective is to guess the number that has been assigned to another player. Once that person's number has been correctly identified, that person is out of the game. The last person standing wins individual immunity

We will go in the order of the arrival of players in this thread. Please wait for my cue. Each person guesses a number during their turn. If the guess is correct, the person is able to guess again immediately.

The person can NOT guess his/her own number. Doing so will disqualify them from the game.

Jerri - Let's all guess Gretchen's first. 😊

Gretchen - Jerri - 9

Jeff Probst - Jerri is not 9. Jerri you're up next

Jerri - OK... Is Gretchen number... [ominous music] 4? (Brett Favre's number).

Jeff Probst - Gretchen is not 4. Joel, you're up next.

Jerri - Damn you, Favre. eta: We could only be so lucky.

Gretchen - suck it witch

Jerri - LOL witch? Third grade much?

Gretchen - I'm just stooping to your level Jerri.

Jerri - And yet another comment worthy of a third-grader (sniffing glue, at that). You're killing me, smalls!

After several guesses, Jerri is finally out with the #8.

Jerri - OK, so I know I should hate you all and cry out "CONSPIRACY!" (ala Gretchen), but I'm gonna be nice and say good game. Yay for being an outsider. :emotimes ... and Gretchen can't be number 4, 6, 7, 8, and 9. 😊

Gretchen - I'm just going alphabetical from here on out. Now that Jerri is toast.

Jerri - Taking a page from Alphabet Sean's book, eh? Real smart, that.

Gretchen - Jeff? Are folks that are ELIMINATED from the challenge allowed to continue to mouth off? Seriously. You shouldn't be PARTICIPATING if you're already OUT.

Jerri - You guys can get rid of Gretchen real fast -- plus you know she's a threat, so it'd be stupid to keep her in this game for immunity. Should give it to someone who doesn't need it; like Kelly, Rudy, or Joel. eta: Aaaaannnd the whining commences! Seriously, how did you guys manage to put up with her for so long?

Joel - Uh oh. A lot can change in a day. This is horrible

Kelly - NO! damnit we were so close! tribal council has to be tonight cause I might not make it at 7pm tomorrow

Jerri - DAMN THAT EPMB!! Prevote for Gretchen!! I can definitely get Kel to vote Gretchen, and I'm pretty sure that Alicia already did before she left for vacation. We'll have more than enough votes to off her.

Kelly - darn it had to be tonight! I wanted to see the look on her cyber-face

Jerri - **CONFESSIONAL** - I really don't care so long as Gretchen leaves before me. I think her reaction would be hilarious, "OMG THIS IS RIGGED!!1!one!!1!!!" (I do think I am leaving either this tribal council or the next).

Tribal Council 8, Day 15

Mark Burnett - Welcome guys. Kelly, you have Immunity, do you care to give it to someone else?

Kelly - i choose immunity over the reward

Mark Burnett - And, who would you like to give the reward to Kelly?

Kelly - I'm giving the reward to Rudy for being a good sport and coming in second

Mark Burnett - Okay Rudy, I will post in your confessionals what that reward is, and you have the option of telling everyone what it was or not.

Mark Burnett - Okay so let's get down to business. Gretchen, has anything changed since amber left?

Gretchen - other than there being one less person around and Jerri being more of a pain in the ass, no, not much has changed.

Mark Burnett - Okay Kelly, how does it feel going from getting the 2nd most amount of votes to winning Immunity? Jerri, do you feel that your outbursts around the tribe have put a target on your back for tonight Rudy, How does coming so close to winning feel?

Jerri - Without a doubt! However, I had a target on my back before this, being that the majority of our new tribe is comprised of those from my opposing tribe. I figure I really don't have much to lose at this point, which is why I've been trying to be as open and honest as I can be.

Rudy - Well I didn't count how many people tried to guess my number, but obviously not that many people came after me. Makes me feel like I could do somewhat well at the challenges. And hey, I got a reward out of it so I'm feeling pretty darn good Mark!

Mark Burnett - Gretchen, I've noticed that you've sort of calmed down since the last Tribal Council. Was that a conscious decision or are you still the same Gretchen we've learned to know.

Gretchen - I'll have to admit Mark - Jerri is good at what she does. It's really hard not to stoop to her level and take the bait. I try to ignore most of it, but sometimes, well, you know.

Mark Burnett - Does anyone here want to own up to feeling secure about being here for the next challenge?

Jerri - I'm pretty sure Kelly can. 😊eta: ha!!

Mark Burnett - The person voted off will become the first member of the jury. They can return to every tribal council, but will only post smileys. However, at the next tribal council, they will get their chance to make one final post before final tribal council to address those who voted them off. I'll read the votes

<http://immunityidol.net/games/stranded/councils/tc8.html>
